ClimateChangeLIVE Grants for School Projects

Would you like your class to be part of the climate solution and do you have an idea for a school project that can help address climate change? Do you want to start a project that reduces your carbon footprint and/or educates other students or the community about climate change? Want to start a recycling program or energy and water conservation project for your students? Need funds to implement your project? Apply for a Project Learning Tree GreenWorks! grant! More information and an application for the Project Learning Tree/US Forest Service GreenWorks!

Deadline: upcoming

Coca-Cola / Keep America Beautiful Recycling Bin Grant

The Coca-Cola / Keep America Beautiful Recycling Bin Grant Program supports local community recycling initiatives by providing selected grant recipients with receptacles for the collection of beverage container recyclables in public settings. Grant recipients will receive actual recycling bins instead of funding. For the Public Space bin grant program, the grant program is open to non-profit organizations, government agencies, schools and religious organizations.

Deadline: upcoming

KAB Youth Poster Contest

Keep America Beautiful (KAB) coordinates a Youth Poster Contest in conjunction with the Great American Cleanup in Arkansas to involve elementary school students, increase awareness of the Great American Cleanup in Arkansas, and educate the public about the importance of a clean and beautiful community to economic development, civic pride and environmental quality of life. Prizes will be awarded in two divisions: Grades K - 2 and Grades 3 - 5. KAB is providing gift cards for the top 3 posters in each division. One poster

per class may be submitted for statewide judging. 4-H clubs, scout groups and home-schooled students are also encouraged to enter. Winning posters and honorable mentions will be displayed May 12-30 in Thea Foundation's art gallery_on Main Street in North Little Rock. Posters will also be posted to KAB's Facebook page.

Deadline: March

Target Field Trip Grants

Good news—registration's open for the Target Field Trip Grants program. We'll be awarding 5,000 grants of \$700 each to schools for the upcoming school year. Teachers can use a grant to fund a school field trip that connects their curriculum to out-of-school experiences. It's a great way to engage and inspire students, and could be used to visit local recycling and landfill facilities.

Deadline: Accepting applications between August 1st and October 1

Zayed Future Energy Prize

The world is in need of innovative solutions and technologies to create a sustainable energy future. Launched by the UAE Government in 2008, the Zayed Future Energy Prize recognizes individuals, organizations, and schools who have contributed significantly to the fields of renewable energy and sustainability. Over the past six years, the Zayed Future Energy Prize has recognized 30 innovators, awarded more than \$18 million, and positively affected millions of lives in communities across the world.
